

# SCHOOL INSURANCE

## ACCIDENT GUARANTEES

Dental Care	maximum of 200 Euros
Glasses, frames or lenses replacements	maximum of 300 Euros
Medical and hospital expenses	maximum of 10 000 Euros
Transportation Maximum	maximum of 200 Euros

This insurance covers medical expenses incurred as a result of an accident occurring during school time (school hours, extracurricular activities and school transport). This insurance covers the first euro (or local currency) paid out if you do not have personal insurance, or it is complementary to your health insurance.

Illness is only covered in the event of repatriation or medical transport (examinations cannot be carried out on site). In this case, you must contact CGEA Assistance immediately.

## ACCIDENT OCCURRING DURING SCHOOL TIME

The school is in charge of the school accident declaration that you will have to sign.

1) You may consult a medical establishment of your choice. You will have to use your personal private insurance and pay the medical expenses in advance. The CGEA will intervene later in addition to your health insurance to regularise the payment of the care if necessary.

2) If you do not have personal private insurance, a document issued by the infirmary will allow you to receive care without having to make advance payments to the Raffles Medical Clinic.

3) In addition, LFIP has signed a contract with Ditan Hospital allowing you to receive immediate treatment on presentation of a document issued by the infirmary. The payment of the costs will be made by you later. The CGEA will intervene later in addition to your health insurance to regularise the payment of the care if necessary.

## HOSPITALISATION

If your child has to be hospitalised, you must contact the CGEA's assistance service before any intervention involving the assistance guarantees, tel: +33 1 48 82 62 35, which will accompany you throughout the period of hospitalisation.

In addition to the information concerning the identity of the patient and the nature of the medical problem, you will be asked to communicate the member number registered on the accident declaration that can be downloaded from your "EDUKA" portal space.

## CIVIL LIABILITY

Personal injury 4 600 000 Euros

Property damage (excess of 50 euros) 300 000 Euros

Civil liability covers the financial consequences that may fall on your child due to damage that he/she may unintentionally cause to third parties.

## MEDICAL EVACUATION ASSISTANCE

This is provided during all school and extra-curricular activities. Following an accident or illness and on medical advice, the CGEA organises and pays for the transport of the insured to his/her home abroad or to a hospital adapted to his/her state of health.

The Company will pay the additional transport costs of the members of the insured's family if, due to repatriation, they cannot use the means initially planned for their return to their place of residence abroad.

To contact the CGEA assistance service call +33 1 48 82 62 35
